Mr. Tom Wheeler
Chairman
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

RE: Proceeding No. 15-149

Dear Mr. Wheeler:

I am writing in support of Charter Communication's acquisition of Bright House Networks (BHN) and the proposed merger with Time Warner Cable (TWC).

Charter Communications has provided cable television service to Kochville Township government office, businesses and residents for the past thirty plus years while I have resided in the Township. Along the way adding high-speed internet and phone service as they proceeded to grow their business. They are customer service oriented which in today's world is hard to find. This company has always reached out to keep lines of communication open with updates and surveys as to what the customer would like to see in activities and programming.

Thank you for your time and consideration.

Respectfully,

A handwritten signature in blue ink that reads 'James Loiacano'.

James Loiacano
Kochville Township Supervisor
